- (6) All parcels should be tallied before KD otherwise any claim on the difference in tonnage after KD will not be entertained.
- (7) We will not entertain any complains/claims on any rejections after KD.
- (8) You are required to cover all your timber stocks at our premises with sufficient insurance coverage. The timber stock shall be stored at your own risk and we shall not be held responsible and will not accept liability for any lost or damage to the timber howsoever caused due to fire, flood or any act of nature beyond our control.

We hope that our price quotation and arrangement will be acceptable to you. Kindly sign and return the duplicate copy of this letter. Looking forward to your support.

Yours faithfully

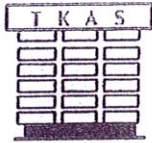

LIM KEE POH
Operation Manager

Agreed and accepted by

24th March 2025

To All Members

Re: Proposed Revision On Kiln Drying and Storage Charges

We wish to advise members pertaining to the above captioned matter.

During the 34th Annual General Meeting held on 12th March 2025, the Association has unanimously decided to revise the kd charges and the storage charges. Details are as follows.

Proposed Revision On KD Charges

The existing kd charges had been implemented since 1st July 2022. Costs are on the rise over the years, from the soaring operational and administrative costs to the continuous hike in fuel, wages, spare parts and other related costs.

In view of the above, we have no alternative but to propose a revision on the kd charges effective from 1st June 2025, based on the date of receipt of timbers so as to allow a reasonable grace period to your clients.

We enclose herewith a list of the revised kd charges for your reference.

Proposed Storage Charges For KD Timber Stock

The Association proposed a revision on the storage charges as follows

- (1) All kd timber stock will be allowed a free storage period of 60 days after discharge from the kiln chambers.
- (2) Thereafter, a storage charge of RM20.00 per ton per month will be imposed on all kd timber stock exceeding 60 days after kd.
- (3) For kd stock exceeding one year after discharged, a storage charge of RM40.00 per ton per month or part thereof will be imposed.
- (4) The proposed date of implementation is 1st June 2025.

Thank you.

Yours faithfully,

Dato' Ng Kim Ping
Chairman

NOTES

(1) Short Length Timber (6' & Below)

- (i) All shorts with thickness 2" & below are subjected to an additional handling charge of RM80.00 per ton on the kiln drying list.
(ii) Thickness above 2" - additional handling charge of RM50.00 per ton on the kd list.

(2) Strip Sizes (7' Up)

For strip sizes in thickness of 1" and below and less than 6" wide in strip specifications as defined by the MGR, a handling charge of RM20.00 per ton will be imposed on all species in addition to the kiln drying charges of 1" thickness.

(3) Wide Board (Width of 10" & Above)

All wide board with width of 10" & above are subjected to an additional charge of RM50.00 per ton on the kiln drying list.

(4) Kiln Drying Liabilities

While prudent and precautionary measures will be taken to minimize the occurrence of defects, the KD Plants wish to advise that:

- (i) Acceptance of liability limited to internal checking (honey combing) in event such defects are aggravated on the timber during kiln drying process. However, if any defects are caused by proven negligence of the KD Plants during the drying process, it shall be the responsibility of the KD Plants to resolve it through negotiation with their customers.
- (ii) The Association leaves it to the discretion of the KD Plants to negotiate with their customers on any serious issues or special requirements related to individual timber parcel.

(5) Insurance Coverage

- (i) Timber owners are advised to ensure that all the timber parcels delivered to the KD Plants are fully and sufficiently insured.
- (ii) All the timbers received at the KD Plants shall at the timber owners' risk. While every precaution will be taken for the safety of the sawn timber, the KD Plants shall not be held responsible and will not accept liability for any losses or damages to the timber howsoever caused due to fire, flood or any act of God beyond our control.
